Dear Ms. Petzler,

Many thanks for your gift of \$4,064.22 to amfAR, The Foundation for AIDS Research. Your dedication to the fight against HIV/AIDS in memory of Freddie Mercury is a lasting tribute to him and all whose lives have been lost by this ruthless virus.

Since its establishment in 1985, amfAR has maintained a proud legacy of delivering high quality programs and supporting researchers and advocates in the fight against HIV/AIDS. As the Foundation enters its third decade as a leader in the field, it continues to address the most pressing HIV/AIDS research, policy, and advocacy issues.

With this important contribution, we will continue to pursue these efforts with care and resolve.

Sincerely,
